Attendance Day Baptist Church Sunday, Nov. 2

(By E. G. Gregory, Jr., Pastor)

The Baptist Church is in a campaign to get every member of the church present on the first Sunday in November, which will be the 2nd day. This is a worthy undertaking; those of our members who read this article, who have not been attending regularly, you are earnestly urged to make plans to attend all services on this day. To those who have their business open on Sunday you are asked to "Prove" the Lord and see if He will not take care of your business this day. God has promised a blessing to those who obey His command. We desire you to devote this day unto worship.

In addition to the regular services, Billy Muth, a radio artist, will have his Hammond Electric Organ to demonstrate this instrument to our congregation. The church is contemplating purchasing a musical instrument for the church. This service will afford an opportunity to hear and pass judgment on this kind of an instrument to use in our church.

If any have planned to be away for this day, it is greatly desired for you to cancel these plans and be with us and help get every member of our church present. Any old people who do not have a way to the church, a way will be provided for you if you will notify the pastor.

GOVERNOR APPROVES LEGION PLANS

Governor Coke R. Stevenson at his desk in the reception room of the Governor's office at Austin, discussing plans for immediately recruiting two companies for service in the United States Navy or Naval Reserve in Texas with the American Legion Department.

Commander Dilworth wrote the Secretary of the Navy, "Texas will recruit two companies of 140 men each from the Houston and Dallas recruiting areas."

"I am ready to do all I can for the War and Navy Departments and all-out defense urged by the President, in fact, I think I am about two jumps ahead," said Governor Stevenson.

Each American Legion Post is requested to send to the nearest Naval Recruiting Station, or sub-station, at least one recruit for the Navy or Naval Reserve on or before October 27.

Governor Stevenson issued a proclamation calling upon Texas citizens to observe Navy Day, October 27.

PLANS AND AWARDS FOR DAIRY DAY HERE ON NOVEMBER 6 ARE ANNOUNCED BY JERSEY GROUP

Sponsored by the Comanche County Jersey Breeders Association, this county's first Dairy Day will be held in Comanche on Thursday, November 6th, beginning promptly at 10 o'clock, a.m.

Every owner of one or more dairy cows or bulls is urged to enter these animals in the show, where they will be classified by a competent judge, E. R. Eudaly, dairy specialist of the Extension Service of A. & M. College.

Judging is to be done on a classification or grading basis. This will mean that there could be either one blue ribbon animal, or there could be several blue ribbon animals in a class. In other words, each exhibitor will be competing with the ideal dairy type rather than with other animals at the show.

Ribbons will be awarded as follows:

- Blue Ribbon: Animals classed "excellent" and "very good."
- Red Ribbon: Animals classed "good plus."
- White Ribbon: Animals classed "good."
- Pink Ribbon: Animals classed "fair."

In addition to the classification of dairy cattle, other features of a Dairy Day program are being considered, among which will be judging contests for adult and junior attendants with suitable prizes offered.

Those in charge of the program would like to know in advance the approximate number of cattle which will be shown on Dairy Day, and Doc Ruhman, County Agent at Large, has mailed out application cards to a number of owners of dairy cattle in this vicinity.

Remember, you do not have to own registered cattle in order to enter them in this event. If you have a cow or bull which you think is good, be sure to enter them in the big show at Comanche, November 6th.

If you have not received one of the application cards from the office of County Agent N. E. Scudder at Comanche, clip and fill out the following application blank and mail it to

Dallas Man To Start Dairy Farm Near Comanche

Earl D. Jenkins and family have moved from Dallas, where he has been in the grocery and market business for the past four years, to the John Riordan place near Comanche. Mr. Jenkins, son of the late John Jenkins, purchased this and an adjoining farm and says he plans to build a ranch style house early in 1942.

Mr. Jenkins plans to raise registered Jersey cattle. Some of the stock was purchased at the Dallas State Fair. He plans to make cattle raising his principal business.

Quartet Singing At Downing Tonight

R. V. Lesley says that everyone is invited to attend a quartet singing at Downing tonight, Oct. 24th.

Postal Receipts Show Gain Here

Postal receipts for the September quarter at the Comanche Post Office showed a slight increase over this same period last year, according to Postmaster J. R. Eanes.

In the quarter ending September 30, \$4,355 was collected in postal receipts compared with \$4,243 last year.

Total postal receipts are higher this year. In 1940, \$4,041.96 was collected in the March quarter; \$3,958 in the June quarter; \$4,243 in the September quarter, and \$4,786 in the December quarter.

Every quarter has shown an increase this year. In the first quarter of 1941, \$4,489 was collected; \$4,971 was collected during the June quarter, and a total of \$4,355 in the September quarter.

Man Killed In Gasoline Fire Near Gustine

Jim Yeates, 46, of Hamilton, died early Saturday night in the Stephenville Hospital from burns suffered earlier in the afternoon in an explosion of a gasoline engine on a WPA road project near Gustine.

Yeates and R. J. Adcock, 19-year-old of Mr. and Mrs. Rance Adcock of Gustine, were working on a water pump, that was pumping water out of the Leon River.

The two men were pouring gasoline into the engine, when it exploded. The clothing of both men was set on fire by the explosion. Adcock managed to put out the flames on his clothes, but was unable to extinguish the flames around Yeates without help.

Adcock ran to a rock crushing machine, some 200 yards away, where about twenty-five fellow workers were at work. These workmen were able to drag Yeates from the flames, but he was badly burned.

A Comanche Funeral Home ambulance from Comanche carried Yeates to the Hamilton Hospital for preliminary treatment and then on to the hospital at Stephenville. Yeates died some five hours after the explosion occurred.

Adcock, who suffered severe burns on his hands and legs was carried to Comanche for treatment; and then on to the Gorman Hospital. Adcock's condition is serious but not critical, attending physicians stated.

Yeates was only about four feet from the water in the Leon River, but could not manage to reach the water.

REA To Sponsor Appliance School

The Women's Club of the Comanche County Rural Electrification Association will sponsor a big two day Electrical Appliance School in Comanche on Tuesday and Wednesday, November 4 and 5.

Rural Electrification agents will have charge of the demonstration in which all types of farm and home electrical appliances will be shown. Among the appliances that will be demonstrated are stoves, refrigerators, washers, water heaters, pumps, brooders, and milk coolers.

The Comanche County REA project has already sponsored several of these appliance schools, and all have proved popular.

Mrs. W. S. Price, Jr., of Gustine, is president of the Women's REA Club. At a meeting of the club Saturday afternoon in Comanche, the women decided on the date to sponsor the school.

NO JURY IN DISTRICT COURT NEXT WEEK

No jury will be used in District Court here next week according to Judge R. B. Cross.

The jury list as published for the second week of court was not summoned and will not be used unless some case comes up later, the judge stated. If a jury is used for week after next, it will likely be the one composed of those whose names were published for the third week.

Mr. and Mrs. Willmot Smith spent the week-end in Fort Worth.

INDIANS MEET CONFERENCE Foe HERE AT 7:45 O'CLOCK AT BALL PARK; BIG CROWD IS EXPECTED

The Comanche Indians face the Gorman Panthers tonight at the local ball park at 7:45 in a District 12-A conference game.

Comanche, Weatherford, and Dublin, are undefeated in conference competition, and the Indians will be after their third straight conference game tonight.

Coach Hicks is bringing a good Panther team up tonight, and would like nothing better than to upset the locals. In 1939, when Comanche was expecting to beat the Panthers some three or four touchdowns, Gorman came out on the long end of a 12-6 score.

Comparative scores favor the Indians again this year, but these scores often mean but little when the Indians tangle with the Panthers.

Gorman has defeated Eastland 32-0 and Albany 13-7 this season. The strong Weatherford Kangaroos downed Gorman 45-6 in Gorman last week, and the Panthers have lost a 14-0 decision to the Dublin Lions.

Coaches Frazier and Dyer's Indians are in good shape for tonight's contest with the exception of Spears, good Indian end. Spears was injured in a car accident last week-end, and will be lost to the Indians for several weeks.

Plans Complete For Hallowe'en Carnival Here

(By Grammar School Reporter)

Plans are now complete for the big Hallowe'en Carnival to be given under the auspices of the Grammar School P.T.A. Thursday evening, October 30. Mrs. Homer Palmer, P.T.A. president, and her assistants have arranged many unusual attractions.

There has been much interest and rivalry in the contest for Carnival Queen. About 6,000 votes have been cast up to date. It is expected to reach the 10,000 mark before the contest closes.

Included among the many attractions at the carnival will be a food booth, fortune teller, string booth, a booth for men-only, a wishing well, a fishing pond, a baby show featuring seven prominent business men, a cake walk, and other booths too numerous to mention.

A feature of the evening will be the following free program:

1. Music: Band.
2. Stunt: Lions Club.
3. The Barefoot Boy: ???
4. The Glamour Girls' Quartet: Robert Eaton, Dr. B. O. Baker, R. L. Scott, C. A. Greene.
5. Coronation of Carnival Queen

The public is cordially invited to attend the carnival which will be staged at the ball park if the weather is permissible, if not, it will be in the gymnasium. A small admission of 4c plus a 1c amusement tax will be charged. Proceeds will be used to buy library books for the Grammar School.

Five Men Go From Here To Army On Nov. 3

Five men will be called into the Army under the Selective Service Act from Comanche County on November 3 according to W. Z. Compton, Chairman of the Local Board.

The men will leave Comanche at 8 a.m. on that date for the induction station at Dallas. Their names and order numbers are as follows:

- 916 W. J. York
- 932 A. D. Adcock
- 942 Eugene Wines
- 51031 William Madison Gregg
- 5078 Loretta Godfrey

Congressman Callaway opposes Old Age Pension. In a letter to C. A. Burrows of Lancaster, Pa., he gives his reason for same in part as follows: "You state that a nation who have labored more or less to produce the physical wealth of this country have petitioned Congress for an Old Age Pension. If this million has labored to produce wealth, but have by improvident lost it, or by extravagance wasted it, they have no right to come to the government and ask it to take from the balance of the people of this balance of this country and give to them. I shall do everything in my power to keep the profligate, the improvident, and the incompetent from saddling themselves as a burden on the capable, energetic, and frugal of this country."

It will not be long now, says Charlie Denny, until our streets are marked and our houses numbered.

The house numbers have been ordered and Porter Franks is now having the street markers made.

Austin Street on which The Comanche Chief is located has already been marked and we are now just waiting for our number.

The Comanche County new courthouse will be dedicated some time in November, possibly, the 24th.

Governor Coke Stevenson will be the principal speaker and Judge R. S. McCharen will be master of ceremonies according to County Judge H. H. Lockridge.

Members of the old Commissioners Court under whose direction the building was begun will be guests of honor as well as members of the present court.

The De Leon and Comanche bands will furnish music for the occasion and people from every voting box in the county are expected to be present as well as WPA dignitaries and laborers.

Comanche County undoubtedly has one of the prettiest courthouses in the State. The landscaping of the yard is just about completed and by next spring that promises to be "A thing of beauty and a joy forever."

Mayor W. C. House of Comanche, Mayor F. T. Daniel of De Leon, Mayor Mrs. Phil Bertram of Gustine, along with the editor of The Chief have been placed on the program committee.

With Governor Stevenson here, there will not be need for much more on the program, as that should be enough to bring a third of the people in the county here.

When the Governor indicates on just what date he can be here, the announcement of the exact date for the dedication will be released. He has already accepted, but has not named the date.

John Kimbrough, the Texas Aggie football star of last year, has signed a long time contract with the Fox Movie Studio at a salary of \$500 to \$750 per week for the first year. In the meantime he will play four professional football games with New York. His movie contract begins in December.

Bible Thought: "My word shall not pass away." Mark 13:31.

The words in the thought above were uttered by Jesus, yet he wrote no book or article himself and the language in which men afterwards wrote down His sayings has long been one of the so called dead languages of the world, yet His word today, nearly 2000 years after His speaking, is the most widely quoted in the world.

Hardy Creamer says he is just sitting by and waiting until the deer season opens on November 16 and already has two big bucks spotted. He has counted the hours and minutes until it is lawful to begin shooting.

The County has just about closed a contract for the old Howard Garage Building and if the deal is closed the building will be remodeled to house the AAA forces.

A successful marriage says Robert Quillen is "One part love, one part respect, eight parts inbred courtesy and respect for privacy."

The Blackwell Hospital at Gorman is being enlarged and another surgeon is being added to the medical staff.

According to our information it is hard to make a financial success of a hospital in a small town and much depends upon the personality and character of the doctors at its head.

Possibly there is no small town hospital in the State that enjoys a better reputation than does the one at Gorman and the reason seems to be that every one has the utmost confidence in Drs. Ed and George Blackwell, not only in their skill as physicians, but in their honesty as men and in their sound business judgment.

There is a literary back of these two men according to John Quillen, a Gorman resident. The two married men grew up on a sandy land farm near Gorman where money was hard to get.

When they decided to make doctors of themselves, they let nothing stand in their way. It takes time and money to qualify in this profession. So one would pick cotton and work and send the other to school for a year and the next year the process would be reversed and the other would go to school.

It took them about 9 years to finish a four year course, but they had put work and sacrifice into their education and it was but natural that they would do the same thing when they decided to open a hospital in Gorman.

Work and sacrifice will win when complaining and shirking will not.

Of all the weaknesses of human beings, perhaps that of being narrow minded is the worse. This does not mean that a man should not have a firm conviction and stand by it, but it does mean that he should respect an honest opinion and an honest right of the other fellow. There is no one so good at anything, but somewhere there is another person just a little better at the same thing.

November 3 to 11 has been proclaimed as "Defense Savings Bond-Stamp Week" by Governor Coke Stevenson.

Do you feel important and "walk" a red light in Comanche as though you were above the law or that the rule was not made for YOU? Of course if it is just absent mindedness and you are getting old and forgetful, the law might overlook you. Few of us are really too busy to respect this little safety law of Comanche.

Says The Hamilton County News: "Biggest thrill of the Hamilton-Comanche game so far as the Hamilton stands were concerned was the freight train that started by within a block of the field during a lull in the game. The Bulldog fans rose in a body, turned their backs on the game and cheered as the engine and a string of boxcars rumbled past."

Says Editor Lowe of The Lometa Reporter: "But the best joke of the week is a true one which appeared last week, in The Comanche Chief, and was taken from their September, 1912 issue. Here it is: 'Elvin C. Lowe of Blanket was in Comanche last Saturday enroute to Fort Worth to enter Polytechnic college. Elvin is a brilliant young man, and we predict he will rise in the world.' We have not risen to amount to anything, but during the 28 year interval we have certainly widened a lot. From a 30 waistline to a perfect 44."

Comanche County is making a huge sweet potato crop if the following story sent in by mail by a Chief reader is true:

SWEET POTATOES??? I was in town Saturday afternoon and met a friend, Jim Wilford.

Jim was telling about his sweet potato crop. He said he went to the field to plow up his potatoes. When he had plowed them up, he could not load them, they were so long.

He went to the house and got his cross-cut saw. He sawed each potato in three pieces, just the length of his wagon, so he could load them.

While he was sawing them, he noticed the saw dust, being wasted. He got wash tubs and caught the rest of the saw-dust and had his wife can it. He says the sweet potato saw-dust makes fine pies.

The dearest child of all is the dead one.

He who loves you will make you weep, and who hates you will make you laugh.

Lowly ground and poorly tilled will sometimes produce a fragrant rose.

They got out of the county who were supposed to stay in the North Texas State Teachers College recently indicated that they wouldn't marry a draftsman, but only 40 per cent of the boys agreed that the draft should be a detriment to marriage.

But if co-eds are reluctant to think of marriage with a buck private, that doesn't mean that they wouldn't wait for the "one and only" just because Uncle Sam puts him into khaki. Most of the girls indicated that they would leave the draftees on their list.

Co-eds who wouldn't marry weren't hesitant in giving reasons: "Too many men can come into one's life in a year's time," one co-ed reasoned.

"He might get killed and then I'd be a widow," another wise-cracked.

"I couldn't live on \$21 or \$30 a month," one co-ed confessed bluntly. Then there were the girls who thought marriage shouldn't be postponed:

"I am waiting—but not patiently. He is already in the army." An anonymous girl answered. "Marry the boy! I have been engaged for four years, but the boy was drafted the month before we were to marry, so we postponed plans. I certainly don't believe in long engagements."

A cynical boy wrote, "I would get married, then get in the army; once in the army you are safe from your wife."

Only two cities in Texas, Dallas and El Paso, are still served by electric street railway systems. Nearly 25 cities are served by bus systems.

The three largest cities in Texas with their population by the 1940 Federal census are: Houston 384,514, Dallas 294,734, and San Antonio 253,854.

Houston is listed twenty-first, Dallas thirty-first, San Antonio thirty-sixth, and Fort Worth forty-sixth among the cities of the U. S. according to population.

Comanche School Member of State Historical Ass'n

Superintendent of schools, W. Z. Compton announces that the Comanche school system is a member of the Texas State Historical Association. As a result of this step, the high school library provides additional source material in the field of Texas history and tradition for the students and other people of this community.

The Texas State Historical Association is the oldest learned society in the State. It was organized in 1897 by Ex-Governor Oran M. Roberts, Guy M. Bryan, Professor G. P. Garrison (for whom Garrison Hall on The University of Texas campus was named), and other distinguished Texans. The Association is devoted to the study of Texas history and the preservation of Texas culture. The Southwestern Historical Quarterly official magazine of the association, is edited by Professor Walter P. Webb of The University of Texas, author of The Texas Rangers, The Great Plains and other outstanding historical works. He succeeds in that position, Dr. Eugene Campbell Barker, the authority on Stephen F. Austin. In enrolling the Comanche school system in the Texas State Historical Association, Superintendent Compton has performed another educational service for the children and citizens of Comanche.

Blanks For New Driving Licenses Due Tuesday

The new application blanks for the 1941-42 driving licenses will be received here Tuesday morning, F. E. Adams will have charge of the distribution of the new blanks; the Comanche office will be in the First National Bank Building.

State Patrol officers will have nothing to do with the issuance of the new forms; however, every driver will have to have his old license to be able to get one of the new forms.

"If you do not have your old license or if you have never had a driver's license, you will have to obtain your license from the State Highway Patrol Officers, who visit Comanche twice a week, before you will be able to obtain a new form," Adams stated.

The new licenses, which are good for two years, will cost fifty cents. Every driver will have to have a license. The deadline to obtain these is April 1.

Methodist Church To Close Year On November The 5th

Quarterly Conference Reveals
Good Year At The First
Methodist Church

(By Rev. E. R. Gordon)

Dr. S. W. Williams, district superintendent of the Brownwood district, called into session last week the Fourth Quarterly Conference for this year. The church was well represented by some 35 or 40 members present. (There are only 47 members of the Quarterly Conference in this charge.) Much business was transacted and many reports made from the various departments of the church. The reports, both oral and written, revealed the church had had a good year. A total of 42 new members have been added to the roll this year and a fine and full financial report will be made at the forthcoming Annual Conference which is less than two weeks off now. It meets in Fort Worth, Nov. 5th. A few of the members have not made their final and full contribution to their church for the year but these gifts are coming in rapidly now and it is a matter of a few days until all gifts will be in and the year's work completed. A people must undoubtedly love their church and the Lord who consistently meet their obligations and bring up full reports.

Several officers of the church were filled at the Quarterly Conference. Homer Wilhelm and Euel Arthur were elected trustees to take the places of J. A. Lee and O. H. Donaho who according to the law of the church, were retired. L. F. Elkins and J. C. Gaddy were elected for one year on that board and O. O. Brightman, C. A. Greene, and Iva Hart were elected for two years.

Vasco Lee was elected general superintendent of the Sunday School and Mrs. Joe Marshall, Miss Alice Hayes, Mrs. Robert Humphrey, Mrs. Virgil Chaffin and B. G. Combs were elected his assistants. Miss Mary Lee was elected Golden Cross leader for the church.

J. C. Wilkerson was elected District Steward and Troy Marshall was elected a delegate to the Annual Conference with A. P. Burks alternate. Homer Wilhelm was re-elected Recording Steward.

The Board of Stewards elected consists of twenty members: J. C. Wilkerson, E. Paul Jeanes, A. P. Burks, J. B. Lowry, Walter Barrett, Troy Marshall, H. M. Vineyard, Euel Arthur, J. C. Helm, Jr., Vasco Lee, Elton McCullough, W. H. Thate, John Dillon, L. F. Elkins, J. C. Biggs, P. A. Pettit, Merlin Jenkins, Roy Little, Homer Wilhelm, Joe Marshall.

The church looks with joy to another great year's work and progress next year under the leadership of these Christian men and women. Let the entire membership co-operate with, follow the leadership of and pray for these leaders of the church. If the membership of the church will do that all the forces of evil can not keep the church from growing and showing forth the glory of God. In Christ's dear name may it be so.

MORE THAN 100 PEOPLE ATTEND THE SECOND ANNUAL LIVESTOCK ASS'N MEETING HERE OCTOBER 17

(By J. R. Eanes, Secretary)

More than one hundred men and women attended the second annual membership meeting of the Comanche County Livestock Association in the District Court Room in Comanche, Friday night, October 17th. All sections of the county were well represented.

C. M. Caraway, Sr., of De Leon and Comyn, president of the association since its organization, presided.

The speakers of the evening were introduced by County Agent W. A. Ruhman. A. K. Mackey, manager of the Texas Livestock Marketing Association, discussed livestock marketing, present and prospective; and Dr. I. B. Gough-ton of the Sonora Experiment Station, a nationally recognized authority on parasite diseases gave an interesting, instructive and graphic word picture of the sheepman's major enemy in this section, stomach worms.

At the conclusion of the address, President Caraway introduced Senator Penrose Metcalfe, an active and practical stockman and farmer, who made a few timely remarks that were well received.

The meeting then went into a business session and the committee appointed some weeks ago to recommend directors for the coming year submitted the names of the following men to serve as directors: C. M. Albin, J. B. Allcorn, Walter Jack Barret, A. H. Caraway, R. S. Conner, Wayne Evridge, Walter Fritts, J. Doss Miller, Otto Phillips, E. C. Seay, Mart Stephens, and T. J. Williams. The report of the committee was received and the above named men elected by acclamation. Over his earnest protest C. M. Caraway, Sr. was re-elected president by acclamation; W. B. Barret was elected First Vice-President, and Tom Holmsley, Second Vice-President. The annual report was read by the secretary and approved. The report showed sixty-four paid memberships, no debts and a balance of \$102.90.

On motion of Hilton Burks the audience by a rising and unanimous vote expressed its appreciation of President Caraway as a

Baptist Women In Meeting Here

(By W.M.U. Reporter)

The Woman's Missionary Union of The First Baptist Church of Comanche met in the home of Mrs. Volle Jackson, Oct. 20 for a mission program.

Topic of the program was, "An Urgent Gospel Answers South America's, 'How Long Must We Wait?'" Mrs. E. E. Anthony was leader of the study. Mrs. R. L. Black had charge of the devotion-al, and Mrs. E. G. Gregory brought an inspiring message from Rev. and Mrs. Isiah Valdivia, missionaries in Valparaiso, Chile. Mrs. K. L. Macon delivered the closing prayer.

The hostess served pie-a-la-mode, coffe and mints to 22 women.

Comanche Youths Are Injured In Car Wreck Near Cresson

Two Comanche youths, Robert Faulkner and Donald Spears, were injured Sunday night in a car accident near Cresson. They were returning to Comanche from Fort Worth.

Faulkner, who is in the U. S. Navy, was on a furlough and was visiting his parents in Comanche. He suffered a crushed shoulder and possible internal injuries. Faulkner was carried to the Army Hospital at Camp Bowie.

Spears, member of the Comanche High School football team, was less seriously injured. He suffered cuts about the face and severe body bruises. Spears, a regular end on the football team, will be lost to the Indians for several weeks.

The Faulkner car was badly wrecked. The car, driven by Robert, crashed into a concrete culvert near Cresson.

Former Comanche Residents Marry Saturday In Yuma

The Indians meet Gorman's pass minded Panthers tonight at the local park in a District 12-A contest.

Comanche, undefeated in two conference starts this season, shares the District 12-A League lead with Weatherford, defending champs, and with the Dublin Lions.

The Panthers upset the Indians 12-7 two years ago. The Indians downed the Panthers 52-0 last season.

There are likely to be plenty of passes flying at the Comanche Ball Park tonight. Reports from Gorman are that Coach Hicks has decided to start tossing the ball soon after the opening whistle.

Comanche had an easy time in disposing of the hapless Eastland Mavericks 45-6 in Eastland last week.

Comanche's Co-Captains, Coker and Munroe, were again stars, both on offense and defense. Munroe scored three touchdowns during the afternoon, while Coker was rolling over the Mavericks for four scores. The big Indian fullback also added three extra points.

The Comanche regulars held the Mavericks to one first down.

The pass receiving of Hubert Eoff, big 200 pound end who measures well over the 6 ft., 4 inch mark, was outstanding.

Weldon Edwards, 190 pound all-district tackle, called the defensive line formations in Friday's game; and did a good job at stopping plays around his side of the line.

Herbert Davis, reserve back, looked particularly good on defense in the Maverick game. Davis got five consecutive tackles from his defensive halfback post.

The Weatherford Kangaroos looked plenty powerful in crushing the Gorman Panthers 45-6 Friday night. Wren and Hamilton, two 130 pound Weatherford backs, were outstanding.

The Kangaroos had a very aggressive and charging line against Gorman Friday night. If the Indian line rushes the Gorman passer as hard as the Weatherford linemen did in last week's game, the Panther passer will have an awful tough night of football.

Donald Spears, regular Indian wingman, will be out of action this week. Spears was injured in a car accident Sunday night, and will be lost to the Indians for an indefinite time.

Ikey Pipes, regular guard, has been shifted to the end post. Claborn Kerley, who has been playing good ball for the Indians all season, has been moved up to the starting guard position.

Hamilton came back strong after suffering a 6-0 setback at the hands of the Indians last week to crush De Leon 67-0.

Stephenville lost to Breckenridge 60-0.

Personal Mention

Mr. and Mrs. E. A. Smith were among the Comanche people who attended the State Fair last week. Claude Fisher and family were Dallas Fair visitors last week.

Mr. and Mrs. Gilmore Durham spent Sunday in Brownwood, taking home little Joe Ellen, daughter of Mr. and Mrs. Jack Bell, who had spent a week in Comanche with her grandparents, Mr. and Mrs. Henry Durham.

Harry Melowsky spent Sunday in Stephenville with his wife and babies where there was a gathering of relatives and friends for religious ceremonies for the week old son. Mrs. Melowsky left Stephenville Tuesday to spend the remainder of the week with her parents, Mr. and Mrs. Novit at Dublin.

Gustine Beats Tolar 19 to 6

(By Gustine School Reporter)

The Gustine Tigers got off to a good start last Friday in conference play by winning handily from Tolar 19-6. It was the first conference victory but the fourth in a row this season and the fifteenth victory in the last seventeen starts for the Tigers.

The Tigers scored in the first, third, and fourth quarters. The first score came on a short pass, Barnett to B. Harris, after running plays set the ball up close to the goal. The second and third touchdowns were made by Barnett on running plays. Gustine made 16 first downs to 8 for Tolar. The visitors scored on a long pass in the third quarter and showed much proficiency in passing throughout the game.

The line play of L. McCollough, B. Rollins and D. Green, and the backfield play of Elvis Rinehart and Barnett were outstanding for the Tigers.

Play Evant Today at Gustine. On Friday, Oct. 24th at 2:00 p.m. the Tigers will play Evant at Gustine. The Tigers will be without the service of their star ball carrier, Erwin Barnett, who will be out with an injured arm.

Comanche Downs Eastland 46-6

The Comanche High School Indians kept their perfect conference record intact Friday by crushing an outclassed Eastland eleven 46-6 in an afternoon game played at Eastland.

Comanche's co-captains, Coker and Munroe, shared in the scoring honors. Captain Munroe scored eighteen points, while Captain Coker had twenty-seven for his afternoon's work.

Eoff, Edwards, and Carter were outstanding in the Indian line. Coaches Frazier and Dyer used frequent substitutions throughout the game, playing all twenty-six men in uniform.

Eastland's only score of the game, a beautiful 80 yard run, came late in the fourth quarter against an Indian team made up largely of reserves. The Mavericks were able to make only one first down against the Comanche regulars.

Two Indian touchdowns were nullified by penalties.

Indians Score Early. Captain Munroe opened the scoring early in the first quarter by sprinting nineteen yards around left end for a touchdown. A few minutes later, Coker broke loose through left tackle for ten yards, and lateraled to Munroe, who ran forty yards for an apparent touchdown; however, the play was brought back and the Indians drew a fifteen yard penalty. On the next play, Comanche's big fullback, Coker, raced sixty-five yards for a score.

The Indians turned in the best passing performance of the season against the Mavericks Friday. Coker passed thirteen times, completing eight, for 130 yards. Hubert Eoff, tall Comanche end, was an outstanding pass receiver.

The Indians were forced to punt only one time during the game; and Coker of the Indians, got off a long, 52 yard punt on this play.

Backfield Power

A power in the backfield, as blocking back, linebacker and punter is Frank Kring, T.C.U. senior fullback. He has not rated the headlines as have some of the other players, but Coach Dutch Meyer rates him as one of his most valuable boys. Kring is a senior, weighs 190 pounds, lives in Fort Worth.

Personal Mention

Mrs. Fannie Tupin of Fort Worth is visiting in Comanche. Misses Avis and Edna Robbins of Comanche are visiting Mrs. O. R. Tinney and Miss Ruby Spencer in Brady. They are expected to return home the 26th. Mrs. A. B. Smith and children left this week for Galveston, where they will join Mr. Smith who is employed by the Electric Supply Company.

Junior Historical **Society May Be** **Organized Here**

Superintendent W. E. Compton has under consideration the formation of a local chapter of the Junior Historians. The Junior Historians comprise the high school and junior high school division of the Texas State Historical Association. Members of the Junior Historians form a club to study the history of their community. Youngsters in the Junior Historians inspect historic places in their locality, sponsor local museums, discover old letters, examine historic documents, trace the name of community land marks and in general interest themselves in the culture, tradition and history of their vicinity. The magazine of the Junior Historians, The Junior Historian, is edited by members of Texas college faculties, is a bold and unique attempt in the field of publication. It is made up almost entirely of articles written about Texas by Texas youngsters. It gives to the young historian an outlet in print for his discoveries, talent and scholarship. Before a chapter can be organized in Comanche, a lay sponsor must be secured. Any citizen, therefore, who is interested in Texas history or in the history of this community should see Superintendent Compton about the organization.

Any inquiries about the work of the Texas State Historical Association or the Junior Historians may be addressed to Dr. E. C. Barksdale, The Texas State Historical Association, University Station, Austin, Texas.

Comanche Man **Gets Promotion**

Pvt. First Class Benj. F. Fields, son of Mr. and Mrs. Benjamin Fields, of Comanche, was rated airplane mechanic second class in Special Orders issued by Col. George M. Palmer, commanding officer, at Goodfellow Field, San Angelo, Texas.

Private Fields along with three other technicians of the 509th School Squadron received this rating as a result of the average of his practical work grade and his grade on the air mechanics examination, given to all air corps organizations semi-annually, in an effort to give worthy men the opportunity to advance according to their ability.

Air Mechanics, First Class, receive \$84 per month base pay; Air Mechanics, Second Class, receive \$72 per month base pay.

Highest Farm **Prices Since** **May of 1930**

Eiland Fagan, secretary-treasurer of the Comanche County National Farm Loan Association, who attended a conference of 24 NFLA secretary-treasurers in Coleman, September 18th, says that Texas farmers and stockmen are enjoying the highest price levels for their products since May, 1930.

Although crops are spotted, conditions are reported generally good. The Federal Land Bank of Houston reports improved collections this year. It has been able to reduce its inventory of real estate during the past 12 months due to a lively demand for farms. The land bank has made more than 40% more new loans thus far in 1941 than for the same period in 1940. This gain was said to be due largely to activity in land and refinancing under favorable terms and interest rates.

It was pointed out at the conference that the Federal Land Bank of Houston has extended a total of \$411,000,000 in long term farm mortgage credit through land bank and land bank commissioner loans in 24 years; more than a fourth of all borrowers have repaid their obligations in full, proving the success of the land bank system goal of helping farmers and ranchers pay out of debt.

The secretary-treasurers expressed the belief that the land bank system has been a stabilizing influence on land values by holding the basis for loans to normal agricultural values and by judging repayment ability according to normal prices.

The associations and their land bank are advocating a plan which permits payments on obligations in advance to build up a cushion against lean years and at this time they are able to permit an offset in interest on advance payments.

Important AAA **Information For** **Cotton Farmers**

Determining an average lint yield and premium rate per acre for every cotton farm in Comanche County is the first task to be accomplished under the cotton crop insurance program, A. E. Boyd, chairman of the Comanche County AAA committee, has announced.

Until these figures have been approved by the State AAA Committee and Federal Crop Insurance Corporation, applications cannot be accepted, the AAA official explained.

"We hope to start writing insurance applications in the county later in the fall, however, detail work will not begin until 1942 farm allotments have been determined," Mr. Boyd said in explaining that all allotments would be issued by Nov. 1 in order that the food-for-defense program could get under way.

The 1934-1940 cotton history for a farm will be the basis of determining the average lint yield for a farm. In the event historical data is not available, appraised figures will be used in determining the average yield.

Premium rates, which will reflect as nearly as possible the crop insurance risks on the farm, will be taken from losses shown in the base period. By this method, each farm will have an individual rating and the possibility of the good farmers carrying part of the risk cost of the poor farmer will be avoided.

The crop insurance program, under which 50 percent or 75 percent of the average yield may be insured, protects farmers against hail, rain, flood, drought and other factors over which they have no control. It does not insure losses because of poor seed, poor management, or failure to plant cotton at the proper time of year.

EX-DBC COACH TAKES **REFRESHER COURSE**

I. E. (Shorty) Ransom, former Daniel Baker College coach, is now located at Brady, taking a refresher course at Curtis Field, preparatory to becoming a flying instructor in the basic training school at Brady. Ransom received his second check ride Monday. Mr. and Mrs. Ransom moved to Brady last week from Canada, where Ransom was with the Royal Canadian Air Force, doing instructing in blind flying. A desire to return to Texas, where the weather is much more favorable for flying, prompted him to come to Brady for application as an instructor at Curtis Field.

Ransom was head coach at the Brownwood college before taking up his duties with the RCAF last February.—Brady Standard.

Permanent Army Recruiting Office Established Here

An Army recruiting station was established this week in the basement of the Comanche County Courthouse. Sergeant William J. Hess, Army Recruiting Officer, who has been stationed at Brownwood for more than a year, will have charge of the Comanche Recruiting Station.

The recruiting office will be open every day of the week with the exception of Sunday.

Sgt. Hess says that any young man who wishes to enlist in the Army Air Corps, or any part of the Regular Army, including aviation cadets, are invited to call on him at his present location.

There are vacancies open in almost every branch of the service, and young men who wish to enlist at this time, can have their choice of almost any branch of service in the army.

In general, the requirements for enlistment are as follows: Applicants must be single, between the ages of 18 and 35, and in good physical condition.

"Any man that is accepted for enlistment at Comanche will be furnished with transportation including meals and lodging to their place of assignment," says Sgt. Hess.

There are also quite a large number of "Keep 'Em Flying" stickers available at the recruiting office, and any one can have one or more of these stickers by calling at the recruiting office in the basement of the courthouse. These stickers are about two inches square and are designed to be used on windshields of automobiles.

A modern, two-story school building has been completed by WPA workers at Jasper. Included in the project was the construction of a stadium and football field, track, and play courts.

To Fight Peach Tree Borers

BY DOC BUEHMANN, County Agent

Now is the time to start some action against the peach tree borers. The following suggestions are recommended.

Paradichlorobenzene Method: No preparation of the soil is necessary except to break the crust for 15 to 18 inches around the tree and to remove any grass or weeds. PDB crystals should be placed in a circle around the tree, about three inches from the base. For mature trees of average size, 1 ounce by weight should be used; for unusually large trees an ounce and one half is sometimes needed; for trees four to five years old, three-fourths of an ounce; and for trees one to three years of age, one-half ounce or slightly less, should be used. Immediately after the crystals have been applied, they should be covered with several shovelfuls of dirt, and the dirt packed with the back of the shovel to make a cone-shaped mound. The material should be applied between Oct. 20 and Nov. 5. After about six weeks, the mound of earth should be torn down and the residue of crystals removed.

It seems that the Defense Program is taking most of the ethylene dichloride supply, and we will no doubt have to use paradichlorobenzene in fighting the borers this winter.

Commercial fertilizers will be higher in 1942. Home grown fertilizer in the form of cover, oats, or rye are cheaper ways of adding plant food. There is moisture aplenty now. Let's get these crops planted.

Heavy Odds Do Not Scare Pvt. Thomas Colley

With the record of the 1st Armored Division during the recent war games now "all in," officers and men rank the individual exploit of Pvt. Thomas E. Colley as one of the outstanding feats of the maneuvers, says a report from Headquarters 1st Armored Division, Fort Knox, Ky.

Colley, 22, of Company "D", 81st Reconnaissance Battalion (Armored) of the 1st Armored Division, staged a one-man war of his own during the last days of the Red Army's defense of Shreveport, queen city of northwestern Louisiana. Later his actions won him a commendation from Major General Bruce Magruder, who commands the "Old Ironsides" Division.

Colley, from Comanche, Texas, was part of a four-man outpost placed in the path of the advancing Blues and charged with the task of reporting the foe's approach. The Blues not only arrived as anticipated by the Red command, but succeeded in surprising the Red's outpost in Gilmer, Texas, capturing everyone except the slippery Colley, who evaded the net but lost his motorcycle to the enemy.

Undaunted, he continued to operate the outpost as a one-man affair, and proved sleep is a luxury rather than a necessity by staying awake for nearly two days to do it. During this time he reported in, every two hours by phone, supplying Division headquarters with valuable information.

It was during this period that he also staged his own Red attack. He single-handedly captured an enemy scout car and bantam, both with crews. In the absence of an umpire the scout car scooted the bantam for a full day. ed off, but Colley had the use of

AN HONEST MAN, AND
SANTA FE \$595 RICHER

Somewhere in this land of ours lives an honest man and the Santa Fe Railway is \$595 richer for it, says a news bulletin from the Santa Fe's general offices in Galveston.

This sum was enclosed in a letter received at the railroad's offices in Galveston October 17 by Treasurer W. D. Sawyer. Attached to the money was an unsigned note which read: "Enclosed find \$595 for which I was not due. It was received years ago. As my life has changed I want to clear all things up."

Postmarked at Fort Worth, Tex., the letter is puzzling railroad officials who are speculating as to who could have sent it.

"We often receive sums of money through the mail from persons who wish to make restitution," Mr. Sawyer disclosed, "but

THIS IS THE HOME OF THE MORRIS ASSOCIATION BROWNWOOD, TEXAS

The Morris Association is now in its 9th year and has shown a steady continuous growth since it was organized. Below we give some of the reasons this has been possible . . .

- It is a local company managed by local people . . .
- It is not connected with any other company . . .
- It has paid more than \$80,000.00 to the Beneficiaries of its policy holders . . .
- It pays claims promptly . . .
- Its claims are paid from the main office in Brownwood . . .
- Its claims are paid in cash . . .
- It is planned especially for Burial Expense . . .
- It offers reasonable rates . . .
- It maintains a cash balance at all times . . .
- Its cash balance makes prompt claim payment possible . . .

(WE REPEAT)

The Morris Association is in no way connected with any other Insurance Company

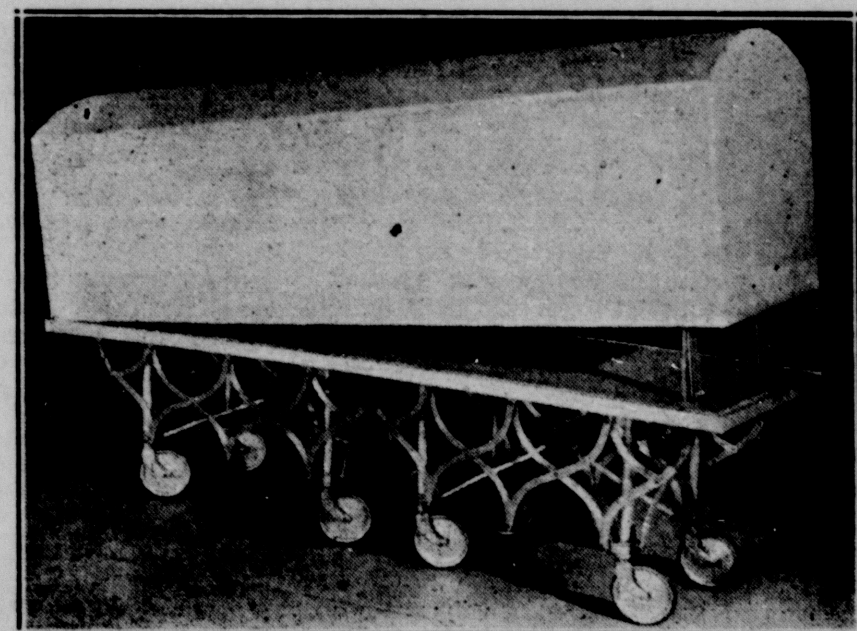

The Policy we have maintained to pay all claims in cash has won the favor of our many policy holders. It is a fair plan. If you pay your good cash to buy our policy, we should pay you in the same manner, and that means cash. Investigate our liberal plan of Burial Insurance. It will give you the protection needed at time of death, and the rates are reasonable.

District Meeting Of Garden Club Here October 31

The district meeting of the Heart of Texas Garden Club, will be held Friday, October 31, at Comanche, with headquarters at the First Methodist Church. The president, Mrs. Mildred Baze, of Mason, will preside.

Guest speaker for the occasion will be Mrs. Walter Crow of Dallas, well-known lecturer on Arrangements and Demonstration of Fruits and Vegetables. Mrs. Crow is a professional speaker, and comes highly recommended in this line of work.

The Heart of Texas District is composed of thirteen towns in the Seventeenth District, with Comanche near the center of the area, with a membership of approximately one thousand. The club has been in existence for a number of years, and already marked improvement is noted as a result of their beautification program in the various towns. The club works with civic organizations in the beautification of both public and private property.

The program will begin at 9:00 o'clock in the auditorium at the First Methodist Church with Mrs. M. E. Anthony giving the invocation. Solid Hoffman will sing "God Bless America." Mrs. John D. Waring, Jr., local president, will give the welcome address. Mrs. Will H. Lake, president State Federation of Garden Clubs, will give an address on "National Defense and the Garden Club." A business session will be held, presided over by Mrs. Mildred Baze. The Flower Show will be a feature of the morning session and will be held in the church basement.

A luncheon will be served in the Sunday School rooms of the Presbyterian Church, at 12:30 p.m. Plates will be laid for a hundred and fifty guests. Mrs. Elmo Montgomery is chairman of the entertainment committee.

At the home of Mrs. T. J. Williams, at 3:15 p.m., a tea will be served for the visiting ladies.

Delegates to the district meeting are expected from San Saba, Lampasas, Coleman, Brady, Llano, Guadalupe, Santa Anna, Brownwood, Mason, De Leon, and Ham-

ilton. Atwood has accepted a civilian position at Camp Bowie.

Will H. Satterfield Dies Sudden At Commerce Tuesday

Will H. Satterfield, about 51, Cotton Belt round house foreman at Commerce, and for many years a resident of Comanche, died on duty in his office in Commerce about 10 p.m. Tuesday. He was alone when death came and had been dead about an hour when his body was discovered about 11 p.m. He had been suffering for years with phthisis and this is believed to have brought on a fatal heart attack.

Funeral services were held in Comanche Thursday afternoon at three o'clock at the Comanche Funeral Home with interment in the Oakwood Cemetery.

Mr. Satterfield, a native of Lufkin, was married in Comanche in

1913 to Miss Bess Hicks who with the following children survive: Jack Satterfield of San Francisco, California; Joe Satterfield of Hamilton, and Nancy and Adelia Satterfield of Commerce.

Mr. Satterfield was with the Cotton Belt round house in Comanche for many years before that road was abandoned here, and later worked with the company at Hamilton and Gatesville before recently locating in Commerce. He comes from a family of railroad men, his father having been a Cotton Belt employee for many years.

George Hanes, who has been bookkeeper for Eiland Fagan at the Comanche National Farm Loan office here, has resigned to accept a similar position with the International Harvester Company at Stephenville.

Mrs. Dudley Hostess To The Garden Club

The last meeting of the Comanche Garden Club was held October 16, at the Methodist Church, with Mrs. C. R. M. Dudley hostess. At that time the club voted to beautify the park near the Grammar School. This tract belongs to the club and comprises several acres. Plans are under way to use plants and shrubs that are donated by local citizens as a part of the beautification program.

The club assists in the beautification of the cemetery. Anyone having surplus plants or shrubs suitable for cemetery planting may phone a member of the committee: Mrs. T. R. Holmsley, chairman, Mrs. Walter Durham, Mrs. C. R. M. Dudley, Mrs. E. E. Anthony. The club will provide the necessary labor for planting and caring for these shrubs.

Miss Bruton Makes Announcement For Pension Offices

Miss Lucille Bruton of the local office of State Department of Public Welfare, announces that the intake day after November 1, will be on Tuesday of each week instead of Mondays as formerly in Comanche.

On Tuesdays in Comanche, appointments are made for aged, dependent children, and needy blind. Intake day at De Leon office will continue to be on second and fourth Mondays as heretofore.

DAYLON WRIGHT IS HONORED WITH PARTY

In keeping with kindergarten practice the children of Mrs. Holmes' class celebrated Daylon Wright's fourth birthday Thursday, October 16. They joined in making their classmate little gifts, and in granting him first choice in all the plays. His mother, Mrs. Troy Wright, brought over her camera and took movies of the children singing birthday greetings around the candle-lit cake; of them playing with the material; on the swings; and as they were unconsciously engaged in the various kindergarten activities.

Appearing in these interesting pictures are Georgeann Beaver, Marjorie House, Joyce Merle and Glenda Ray Moses, Scottie Lockridge, Pat Sullivan, Donald Robertson, Glen Edward Ellis, Jerry and Daylon Wright.

Entertain For Old Time Friends

One of the most enjoyable days ever spent by those present was on Tuesday of this week when Mesdames J. A. Montgomery and Etta Roberson were co-hostesses to a few old time friends in the home of the latter. Most of the time was spent in relating experiences of yester-years, jokes and in general conversation.

Those enjoying the noon-day meal were Aunt Mary Little, Mrs. W. B. Cunningham, Mrs. Mollie Jack, Mrs. I. E. Osborne, Mrs. G. A. Chilton, and Mrs. Hill Huddleston. The combined ages of the eight women totaled nearly six hundred years.

Coming during the afternoon were Mrs. Jay Cunningham, Mrs. Sid Harris. Mr. Harris also stopped by for a few moments with lifelong friends.

Included in the noon meal was delicious chicken and dressing, and gravy, vegetables, candied yams and fruit salad, and for dessert, cherry cobbler a-la-mode. Very gracious memories will linger throughout the lives of those present.

MRS. DUDLEY HOSTESS TO FRIDAY BRIDGE CLUB

Mrs. Tom Dudley entertained the Friday Afternoon Bridge Club at her home last week.

Home Economics Girls Do Their Bit For Red Cross Drive.

The second year Home Economics girls, under the direction of Mrs. Dumas, are doing their bit for the coming Red Cross Roll Call drive by making four large Red Cross flags which will be flown downtown.

Mr. Huett Chooses Helpers.

Clarence Huett, chairman of the Red Cross Roll Call, has chosen Mrs. W. H. Carpenter for chairman of the residential district and W. H. Thate for chairman of the business district. Many plans for a successful roll call are being made.

The goal for Comanche County this year has been placed at 900 members. Our county fell far short last year with only 225 members.

Miss Alice Hanson and Miss Clara Hanson of Brownwood spent the week-end with their parents, Mr. and Mrs. Martin Hanson.
